

# DMYTRO SALIAKIN

Junior Fullstack JS Developer

## SUMMARY

Motivated Fullstack JavaScript Developer with solid knowledge of React and Node.js, gained through professional training and hands-on project development. Having balanced full-time work, academic studies, and multiple development tracks, I've learned to prioritize, stay focused, and deliver results under pressure. Seeking an opportunity to apply my skills in building high-quality web products and contribute meaningfully to a growing company.

## TECH SKILLS

### Frontend Development

- HTML5, CSS3** - Semantic markup, styling, Flexbox, forms, decorative elements, responsive design.
- JavaScript (ES6+)** - Variables, data types, loops, functions, objects, classes, DOM manipulation, event handling, asynchrony (Promises, async/await), API integration, pagination, localStorage.
- React** - Components, Hooks (useState, useEffect), forms, routing (React Router), Redux/Redux Toolkit, asynchronous Redux, private/public routes, authentication.

### Backend Development

- Node.js** - Express, REST API, MongoDB, data validation, pagination, filtering, authentication, authorization, image handling, email services.
- Swagger / OpenAPI** - API documentation.
- Docker** - Application containerization (basic understanding).

### Programming Concepts

- Prototypes, classes, design patterns, event optimization, code structure, date management.

### TypeScript

- Typing, integration with React, basic types, interfaces.

### Tools & Technologies

- Git, GitHub, npm, Vite, Webpack, Postman, MongoDB Compass.

## SOFT SKILLS

- Communication:** Effective and clear communication, both written and verbal, in team environments.
- Time Management:** Proven ability to manage multiple tasks and deadlines efficiently, prioritizing work to meet project goals.
- Adaptability:** Eager to learn new technologies and adapt to new challenges and working methodologies.
- Teamwork:** Experience collaborating with cross-functional teams to achieve common objectives.

## LANGUAGES

- English:** Intermediate
- Ukrainian:** Native

## PROJECT EXPERIENCE

### Foodle - Fullstack Recipe App

**GitHub:** [Frontend](#), [Backend](#)

**Team Project | Role:** Frontend Developer, Repo Owner

**Tech:** React, Vite, Redux Toolkit, Node.js, MongoDB

SPA for browsing, saving, and creating recipes. Implemented authentication logic, integrated frontend with backend, and set up global state with Redux.

### Multilingual Blog - Next.js Test Project

**GitHub:** [Source Code](#)

**Solo Project | Role:** Fullstack Developer

**Tech:** Next.js 15, React 19, CSS Modules, i18n, JSONPlaceholder API

Built a performant, multilingual blog app as a technical challenge. Implemented i18n (UA/EN), integrated REST API with error handling, and applied SSG/SSR for optimized loading.

### Donut Boom - Landing Page

**GitHub:** [Source Code](#)

**Mini Team Project | Role:** Frontend Developer, Repo Owner

**Tech:** HTML5, CSS3, JavaScript

Responsive multi-section landing page for a mobile game, developed in a small async team (2 devs + 1 designer) under a 1-week deadline for an external client. Managed the repository and project board via GitHub Projects to ensure transparent task tracking and delivery.

## WORK EXPERIENCE

### Employer Relations Consultant

**State Employment Service | 2015 - Present**

- Partnered with local businesses to identify staffing needs and fill open positions.
- Performed effective recruitment and candidate screening for various vacancies.
- Managed a database of job openings and posted listings on different platforms.

### Exhibition Project Manager

**Exposervice Center «Expodonbas» | 2007 - 2014**

- Managed and organized international industrial exhibitions, overseeing the full project lifecycle.
- Coordinated team efforts and collaborated with contractors to ensure successful events.
- Engaged and supported clients (exhibition participants), including negotiations and document preparation.

## EDUCATION

### IT School GoIT

**Fullstack Developer, Professional Certification**

**Specialization:** HTML/CSS, JavaScript, React, Node.js, TypeScript

January 2022 - July 2025

### Zaporizhzhia National University

**Master's Degree in Software Engineering**

September 2023 - December 2024

### Donetsk State Academy of Management

**Specialist's Degree in Management of Organizations**

**Qualification:** Economist-Manager

September 1996 - July 2001
